

§ 1655.6

(b) *Maximum.* The maximum repayment period a participant may request for a general purpose loan is five years of scheduled payments. The maximum repayment period a participant may request for a residential loan is 15 years of scheduled payments.

§ 1655.6 Amount of loan.

(a) *Minimum amount.* The initial principal amount of any loan may not be less than \$1,000.

(b) *Maximum amount.* The principal amount of a new loan must be less than or equal to the smallest of the following:

(1) The portion of the participant's individual account balance that is attributable to employee contributions and attributable earnings (not including any outstanding loan principal);

(2) 50 percent of the participant's vested account balance (including any outstanding loan balance) or \$10,000, whichever is greater, minus any outstanding loan balance; or

(3) \$50,000 minus the participant's highest outstanding loan balance (if any) during the last 12 months.

(c) If a participant has both a civilian TSP account and a uniformed services TSP account, the maximum loan amount available will be based on a calculation that takes into consideration the account balances and outstanding loan balances for both accounts.

§ 1655.7 Interest rate.

(a) Except as provided in paragraph (b) of this section, loans will bear interest at the monthly G Fund interest rate established by the Department of the Treasury in effect on the date the TSP record keeper processes the paper application or on the date the request is entered on the TSP Web site.

(b) The interest rate calculated under this section remains fixed until the loan is repaid, unless a civilian participant informs the TSP record keeper that he or she entered into active duty military service, and, as a result, requests that the interest rate on a loan issued before entry into active duty military service be reduced to an annual rate of 6 percent for the period of such service. The civilian participant must provide the record keeper with

5 CFR Ch. VI (1–13 Edition)

the beginning and ending dates of active duty military service.

§ 1655.8 Quarterly statements.

Information relating to any outstanding loan will be included on the quarterly participant statements.

§ 1655.9 Effect of loans on individual account.

(a) The amount borrowed will be removed from the participant's account when the loan is disbursed. Consequently, these funds will no longer generate earnings.

(b) The loan principal will be disbursed from that portion of the account represented by employee contributions and attributable earnings, *pro rata* from each TSP Fund in which the account is invested and *pro rata* from tax-deferred and tax-exempt balances.

(c) The loan principal will be disbursed *pro rata* from the participant's traditional and Roth balances. The disbursement from the traditional balance will be further *pro rated* between the tax-deferred balance and tax-exempt balance. The disbursement from the Roth balance will be further *pro rated* between contributions in the Roth balance and earnings in the Roth balance. In addition, all loan disbursements will be distributed *pro rata* from all TSP Funds in which the participant's account is invested. All *pro rated* amounts will be based on the balances in each TSP Fund or source of contributions on the day the disbursement is processed.

(d) Loan payments, including both principal and interest, will be credited to the participant's individual account. Loan payments will be credited to the appropriate TSP Fund in accordance with the participant's most recent contribution allocation. Loan payments will be credited to the participant's traditional and Roth balances in the same proportion that the loan was distributed from the participant's account.
